

## How to register as an Appointed Supplier

Registration is the first step you need to take if you would like to supply hearing devices to eligible voucher-clients of the Australian Government Hearing Services Program (the program). To become registered as an Appointed Supplier for the program, you need to submit an online application and provide supporting documentation as detailed in the application.

Information to help you complete your application will be provided step-by-step throughout the online application.

**Please be directed to the [online application for registration](#).**

The Department of Health (the Department) will

- notify you upon receipt of your application
- advise you if additional information is required to complete the assessment of your registration application
- advise you in writing of the decision on your registration application.

The estimated processing time of an application for registration is up to four weeks from the time a **complete application** is received. Please note we cannot guarantee that all applications will be processed within this estimated timeframe.

Please contact the Department if you would like any additional information.
