- Reason A – the client requires a reassessment, or
- Reason B – the client requires a refitting and meets the Eligibility for Refitting.

Once a reason (A or B) has been determined, please fill out the form where relevant. To prevent your application being rejected or sent back as incomplete, please ensure that all relevant sections are **legible** and the supporting evidence has been entered on the form and/or attached as requested. The **Request for a revalidated service** form and supporting evidence can be emailed to hearing@health.gov.au.

For more information see the webpage on [requesting a revalidated service](#).

Supporting Evidence for Reason B and ECR 5

(Please type or clearly print in the mandatory free text fields provided)

ECR 5 - Client currently fitted with an Assistive Listening Device (ALD) and now requires hearing aid(s).

ALD to hearing aid fitting

Describe the change in client circumstances that now requires a hearing aid refitting.

The client was fitted with an ALD in 2017 as their COSI goal at the time was to hear the TV better. The client recently attended an appointment and feels their hearing has worsened and feels they would benefit from hearing aids. A reassessment was performed and shows a significant bilateral hearing loss. New COSI goals show client is wanting to hear better in social situations outside of the home and is motivated in a hearing aid fitting.
