Left 3FAHL (Required)

2. Details of the deterioration

Please provide **details on the deterioration in client health, dexterity cognitive ability or speech discrimination** since the last fitting.

What type of deterioration has occurred? (Please select all that apply)

Describe the deterioration in health, dexterity, cognitive ability or speech discrimination (Required)

Client now struggles to understand others in noisy situations, she struggles to understand what people are saying often having to ask for repeats. Speech discrimination is now poor having dropped dramatically since last fitting.

Note: Changes in client's life circumstances, including the use of spectacles or becoming a carer, are not valid reasons for refitting under ECR 2, which stipulates a deterioration in **client health, dexterity, cognitive ability or speech discrimination**.

Note: If the reason for this application is due to a deterioration in **dexterity**, please include the necessary evidence to demonstrate why a remote control for the client's current device(s) is/are not considered appropriate in this instance.

- I declare that the changes to the client's life circumstances do not include the use of spectacles or becoming a carer. (Required)

Regarding their **current** device(s) (at the follow-up appointment)

- No

2. Were the client's hearing goals met?

(Required)

- Yes
- No

3. Was the client able to manage the device(s) independently?

(Required)

3. Details on the current device(s) or fitting

Why are the current device(s) no longer suitable? (Required)

Current devices were fit several years ago (2018), and were suitable for the client at the time of fitting. Recent changes to the client's ability to hear and comprehend words means they do not have enough gain to meet the client's need. Adjustments resulted in feedback issues.

Note: Compliance monitoring has shown that devices are being fitted without taking into account the suitability of the device or exploring other management options. Please ensure the client's current device is checked for suitability before considering a refitting.

Did the client voice any concerns about the device(s) and/or fitting?

(Required)

- Yes
- No

If yes, please describe below if their concerns were addressed and resolved

No concerns were raised, the client was happy with the devices and their management.

 No

Has a remote control been considered to assist the client with the current device management? (if no, please consider if supplying a remote would be more appropriate)

(Required)

- Yes
 No

[▶ More Information on Remote Control](#)

Describe what has been tried with the current device(s) and/or why they cannot be modified. (Required)

Adjustments to the current devices resulted in feedback issues. They do not have background noise reduction features that would assist the client.
